196	Getting my needed CE credits to maintain my license affordably. Also liked breakfast buffet, better than lunch that we used to do.						
197	You all did a wonderful job!						
198	Food at Tuesday Dinner was excellent

206	Location time(dates), course selection, breakfast						
207	Class scheduling was very good						
208	Location						
209	Seeing older appraisers

222	Organized, well laid out. Excellent job to the previous board. Best of Luck to the succeeding board.						
223							
224	My least favorite part of this year's conference was:						
225	No answer	49					
226	Trying to find my way around						
227	Earlier classes.						
228	Crowded seating in classrooms						
229	The elevator was slow						
230	The fact that we never get to participate in after hours events due to the fact that conference location in county I work in. Doesn't seem fair to Summit employees.						
231	Hard chairs to sit in						
232	Wandering around Beaver Run resort to get into the rebuilding from parking and getting coffee, ect.						
233	Wed Club Night						
234	Pizza - I'm gluten intolerant & doesn't work for everyone! Also the cost to eat at the resort is high!						
235	The Club night wasn't as much fun as last year						
236	8 am Monday start, it means an extra night lodging (Sunday) for many						
237	The employees in our office that complain constantly.						
238	The room seating to tight						
239	Overall, things were good. Sometimes rooms didn't have enough tables which made seating very crowded. (Design & Measurement)						
240	The non DPT classes taught more toward fee appraisers. Would like to see them have a better understanding of Mass Appraisal.						
241	Intro to Commercial class was a complete waste of time.						

	A	B	C	D	E	F	G
242	No dance						
243	Bar Night						
244	The cost of lunch at Beaver Run is unacceptable and it takes too long to get to town and back						
245	Shuttle service was slow. Could have had more drivers on Monday night.						
246	Shuttle service was a little slow.						
247	Small classroom for golf course valuation class						
248	Crowded classes						
249	Check out!						
250	Rooms for classes were very crowded						
251	Starting at 8am, make it 8:30am						
252	Too COLD in classrooms						
253	Hard to have lunch at the restaurants; a bit to walk. No music or dancing.						
254	The center construction. Odd hallway layout.						
255	Accommodations. Resort is very dated, many issues with cleanliness of the rooms. Overall hospitality by employees was EXCELLENT! Service was EXCELLENT!						
256	USPAP						
257	Hot rooms! No A/C						
258	Some crowded classes						
259	Intro to Commercial class instructor was bad. I've had Deane in classes before and he was fine, but this class was bad. He forgot to give us materials until 2:30pm. Several other complaints from other students. Someone wanting to go into Commercial didn't get much out of this class. Don't offer again or get a new instructor & more informative materials.						
260	The quality of sleep I got from the bed. Three nights of tossing & turning.						
261	Tuesday evening dinner is too late						
262	Canestaro's Class						
263	Base 9 food not adequate for light dinner, went to fast						
264	Honestly, nothing. As fine as a conference out there						
265							
266	What was provided that was NOT necessary was:						
267	No Answer	80					
268	Dick Gilmore classes						
269	Club Night						
270	This was the best organized of the 3 conferences I've attended						
271	Cocktails on Wed						
272	All services, products, ect used.						
273	Wednesdays nights get together						
274							
275	What was NOT provided that IS necessary is:						
276	No answer	72					
277							
278	More reasonably priced places to eat.						
279	We should start our business meeting with the Pledge. We should have an American and Colorado Flag. There should also be a prayer.						
280	Educating counties on new laws that will be put in place next year.						
281	Coffee closer to classrooms all day						
282	More Qualifying Education						
283	Dance						
284	DPT classes in general; If they are going to PDF class material, arrangements need to be made for electricity. Batteries don't last long enough.						
285	Classroom maps & hotel location before arrival						
286	1. Small snacks during classroom breaks. 2. A real estate financing class might be helpful.						
287	More activities, more class selection & classes on the same day						
288	Snacks & Breaks						
289	A map of buildings & conference center						
290	Need snacks at break out: packets of peanuts, cookies, brownies, fruit...						
291	Why not run the Tuesday night dinner meeting as a brunch meeting, where everyone would then be in attendance. Make it a 2-2 1/2 hour working meeting lunch where all participate						
292	Please provide Income classes, basic, advanced or mixed-use						
293	Roster for attendees						
294	Issues Forum						
295							
296	If I were to arrange the 2012 conference the first thing I would do:						
297	No Answer	48					
298							
299	Change the location, make it about a month later in the year.						
300	The variety of classes is great						

	A	B	C	D	E	F	G
301	Get new classes, Better communication between DPT & BAA						
302	Offer a larger variety of classes.						
303	This location suites me						
304	See more 1/2 day classes						
305	Move to Steamboat Springs or Colorado Springs.						
306	Change the date to late September or early October						
307	Keep the conference at Beaver Run						
308	Be sure quality courses continue to be offered. Address concerns included in these reviews.						
309	Empoisoning Education						
310	Need to change location						
311	Find a new instructor for the Inro to Commercial class. Maybe John Zimmerman?						
312	Locate conference closer to town						
313	Better check out time, it was at 11:00 am and was right in the middle of class. We had to rush around at our break.						
314	Ask the resort if the check out times could be slightly extended, since the classes don't break until noon						
315	Look for new classes/education providers						
316	Make sure you have a meet & greet						
317	Find outside providers to teach						
318	Trust the CATA election board, maybe some gamer for club night						
319	Make sure hotel can provide hot water for tea. Schedule Jim Felt class in a room with a better in between another classroom. (They had too much fun:)						
320	Have some music & dancing with bar party. Doesn't have to be the whole dance production; a bar band's fine.						
321	Much of the same						
322	More venders. Would like to see many more venders than what were at this years conference.						
323	Change Hotels						
324	Good Job - I know you can't give everyone what they want						
325	Schedule the dinner for Tuesday nights always and beg James Canestero and Deane Wilson to come back again! Excellent instructors, best classes I have ever taken.						
326	Move the conference to Vegas!						
327	Alternate between Denver & Grand Junction						
328	I heard that Blackhawk is in the running for a conference site. The research, wisdom, and logistical/economic needs as identified by the board if at all possible, though I would like to go there. I think for some it will compromise the front range counties contributing to the room nights.						
329

375	No Answer	73					
376							
377	Talk with counties and have round table discussions on issues that are out of the realm of what we do. Fires and National disasters.						
378	I appreciate all they are doing. It is a tough job to please everyone.						
379	Back to tested classes for licensing upgrades.						
380	Make sure out of state instructors are making classes relevant to our area, i.e., Rural Residential was about farms and PP Residential Construction was out of date and relative to East Coast Construction.

385	None						
386	I think you guys did a great job! Thank you all for the time you put into this!						
387	New location. The service here was fantastic but the rooms leave much to be desired, dated rooms or weird furniture is fine but dirty, moldy showers, broken fixtures, ect, are not fine! :(
388	Bring Tyler/Eagle in to teach their program since many of us are new to their software. Better intro or beginning income class. Class re: Foreclosures, short sales, ect...						
389	Would like to see better incorporation of vender. There isn't a very good time to check them out.
